Dynamic design, outstanding fun

SUV with an edge

The urban SUV features impressive, powerful design and progressive steering that guarantee convenience and enormous fun at the wheel.

Progressive design

The new design of the front and rear bumpers and the dynamic, eccentric body lines lend the new Audi Q2 its powerful appearance.

Discover new connections

The Audi virtual cockpit can be tailored to show speed, radio and media information and plenty more besides.

Customizable and sport

With ambient lighting package plus, tailor the colour scheme to your preferences. The glare-free illumination with LED technology creates an especially harmonious and uniform light.

Fun at the wheel

Available as standard, progressive steering offers impressive driving dynamics thanks to its variable steering ratio and speed-dependent steering assistance.

Practical and spacious

With storage and luggage capacity that holds up to 405 to 1,050 liters, enjoy greater convenience with the electrically controlled tailgate.
