

**RS e-tron GT**  
**e-tron GT quattro**

The future of  
grand touring is here

# Excitement is electric

Breathtaking design that blends stunning form and function, combined with an electric drivetrain that delivers incredible performance: the RS e-tron GT is built for outright speed.

# Feel the thrill from behind the wheel

Performance you can feel, on every open highway  
and twisty trunk road. Experience the instantaneous  
acceleration and agile dynamics of the RS e-tron GT.

# Agility becomes an art form

Accelerate with confidence in every situation.  
Electric quattro all-wheel drive constantly adjusts to  
the available grip with incredible precision and response.

# An RS unlike anything before

The RS e-tron GT pushes electric performance to the limit, delivering an experience that is both electrifying and true to the RS DNA.

Pure performance  
with zero emissions

# Luxury that lives with you

Effortless integration with your smart devices and an intuitive infotainment system provide endless flexibility—a tangible form of luxury you can engage with every day.

# Definitively e-tron even at a distance

Iconic Matrix LED headlamps light the way ahead and provide an unmistakable signature from afar, while LED rear combination lamps are bridged by a horizontal light bar for a unique aesthetic that stands out, day or night.
