

Q8 e-tron

The embodiment of sustainable progress

Sustainability goes far beyond the zero-emissions drive system of the Q8 e-tron: carbon-neutral production is a major part of reducing environmental impact, as well as end-of-life policies that ensure broad-scale recycling and reusability of components.

Electric is now

The next step forward in electric mobility is realised with the Q8 e-tron, integrating innovative luxury with a high-voltage architecture that supports high-speed charging.

A close-up, low-angle shot of a car's front end, focusing on the illuminated headlight. The headlight is a modern, multi-lens design with a prominent LED light bar at the top. The car's body is a dark, metallic color, and the grille to the left features a honeycomb pattern. The lighting is dramatic, highlighting the contours of the car and the glow of the headlights.

Lighting the way ahead

The latest evolution of our Digital Matrix LED headlamps provide precision in illumination, selectively masking to avoid blinding other road users while maximising visibility.

Designed to be distinct

Electric mobility provides space for exciting aesthetic choices, blending the unique e-tron design language with familiar Audi elements.

A better way to view the world

All-round visibility has evolved in the Q8 e-tron through the introduction of virtual side mirrors, providing a great reduction of aerodynamic drag. This improves functionality and flexibility with variable field of view and automatic adjustment based on lighting conditions.

Experience balance in form and function

Available in four different variants, there is a Q8 e-tron for every lifestyle. Choose from either SUV or Sportback body styles, giving you the option of a larger luggage capacity or a sleeker coupe-like roofline.

Go the distance in confidence

Efficiency in engineering and design combined with advancements in battery and motor technology allow you to put range anxiety to rest.

Luxury in practicality

Embracing electric mobility has never been more seamless: the Q8 e-tron can effortlessly keep pace with your needs and wants, with 569 litres of luggage space.

Equipped for excitement

The interior of the Q8 e-tron captures the future with an intuitive and ergonomic form factor. Comfort and connectivity are the foundation for a seamless driving experience.

Technical Specifications

Model	Q8 e-tron advanced 50 quattro	Q8 Sportback e-tron advanced 50 quattro	Q8 e-tron S line 55 quattro	Q8 Sportback e-tron S line 55 quattro
Power output	340PS (250kW)	340PS (250kW)	408PS (300kW)	408PS (300kW)
Torque	664 Nm	664 Nm	664 Nm	664 Nm
Gearbox	2-stage ratio planetary gearbox with a single gear	2-stage ratio planetary gearbox with a single gear	2-stage ratio planetary gearbox with a single gear	2-stage ratio planetary gearbox with a single gear
Acceleration (0-100km/h)	6.0 s	6.0 s	5.6 s	5.6 s
Battery capacity	95 kWh	95 kWh	114 kWh	114 kWh
